

VENCENT DOMINGO

SENIOR WEB DEVELOPER / DATA ANALYST

Taguig City, Philippines | 09452956374 | centiid25@gmail.com

<https://www.linkedin.com/in/vencent-domingo/>

SUMMARY

Senior Frontend Web Developer with nearly **8 years** of experience specializing in **WordPress architecture**, **React**, and **Next.js**. Expert in **custom WordPress theme development** utilizing **PHP**, **SCSS**, and **Tailwind CSS** to build high-performance web applications. Proven track record of providing **end-to-end technical ownership** of client projects and **automating frontend workflows** to improve team efficiency. Highly skilled in **technical SEO**, **performance optimization**, and **UI/UX implementation** for global luxury brands.

SKILLS

Technical Skills:

- **Frontend:** JavaScript, HTML, CSS, React, Next.js, JQuery, Svelte, Tailwind CSS, SCSS.
- **Backend:** PHP, WP-CLI, .NET, ASP.NET MVC, PHP, MySQL, RESTful APIs
- **WordPress Development:** Custom Theme Development, Advanced Custom Fields (ACF) Pro, WordPress Customizer, CPT/Taxonomy management.
- **Performance & Optimization:** SEO (SEMRush, Google Analytics), Dynatrace, Web Performance Tuning
- **Development Tools:** Git, Linux (CLI & Admin), Chrome DevTools, JetBrains Toolbox, Visual Studio 2022, CloudCannon, WPEngine, Microsoft Power Automate
- **Data & XML Processing:** XSLT, XML, JSON, Excel Data Transformation.
- **Testing & Debugging:** Manual Testing, UAT, Debugging, Chrome DevTools

Soft Skills:

- Strong problem-solving & analytical thinking
- Effective communicator & cross-functional collaboration
- Adaptable, detail-oriented, and team player
- Experience working directly with users to optimize tools
- Experienced in executing direct requests from executive leadership (CEO)

WORKING HISTORY

Web Developer / Analyst

Vishay Philippines Inc. | Makati

May 2018 - September 2024

- **Played a key role** in transitioning the backend from a **Cocoon-based website** to a **CMS-driven architecture** using **PIMCore CMS**, **Next.js**, and **React**, resulting in **improved performance and maintainability**.
- **Transitioned into .NET development**, working on **.NET applications** for **sales operations**, collaborating with end-users to **enhance usability, implement new features, and optimize business tools**.
- **Developed and documented key project processes**, creating **functional specifications, technical specifications, and test plans** for each change request, ensuring **clear and structured project execution**.
- **Led the team in enhancing website SEO**, achieving a **12% boost** through advanced SEO techniques and SEMRush audit solutions, improving online visibility.
- **Represented the development team in Germany (2019)**, gathering **direct user feedback from engineers** for an in-depth calculator project.

- **Built and maintained responsive web pages** using **HTML, CSS, and JavaScript**, ensuring **seamless performance** across devices and browsers.
- **Collaborated with designers** to convert **wireframes and mockups** into **fully interactive and accessible web pages**.
- **Ensured cross-browser compatibility**, maintaining a **consistent UI/UX** across different environments.
- **Enhanced team coding standards** by **improving documentation, refining best practices, and fostering a culture of continuous improvement**.
- **Proficient in Git version control**, including **branching, merging, and repository management** for **collaborative development**.
- **Worked on Linux servers**, performing **command-line operations** and **basic system administration**.
- **Developed and maintained RESTful APIs** using **Axios in React** for **seamless data integration** between front-end and back-end systems.
- **Applied a strong mathematical and electronics background** to **collaborate with engineers and key users** in developing **advanced calculators** using **Next.js and React**.
- **Improved website speed by 30%** through **Dynatrace Monitoring**, ensuring **faster load times and a better user experience**.
- **Utilized strong analytical skills** to **process Excel data**, transforming **raw information into actionable insights** for decision-making.
- **Mastered XSLT** to **extract and process product data** from **XML files**, increasing **efficiency in data handling**.

Frontend Web Developer (WordPress)

InGnius Systems Private Limited | Taguig

June 2025 - Present

- **Engineered and launched** the complete **opalsuperyachts.com** and **mintcharter.com** websites, independently managing the full project lifecycle from environment setup to successful go-live.
- **Independently improved** the technical SEO for **yachtcharterexclusive.com**, while **executing** functional and design changes as directly requested by the CEO.
- **Collaborated** with the SEO Manager to **audit and improve** the technical SEO framework for **armada.yachts**, optimizing the site for better search engine performance.
- **Scripted** a custom automation tool using **WP-CLI** and **Bash** to **standardize** new WordPress project setups, including pre-configured plugins and Custom Post Types (CPTs).
- **Integrated** a "Sprint Merging" process in GitHub for multi-developer projects to **streamline** version control and improve team deployment speed.
- **Collaborated** with the Lead Architect on the **Ankor Central API** to **ensure** reliable data integration and backend performance.
- **Audited and debugged** code as a technical reviewer using the **GitHub review process**, identifying and removing unnecessary code to **improve** overall site reliability.

INTERNSHIP

Student Trainee

Vishay Philippines Inc. | Makati

September 2017 - March 2018

- Gained hands-on experience in JavaScript, CSS, and HTML, building dynamic web applications as part of the development team.
- Worked on a Cocoon-based website, applying XML and XSLT skills to make critical updates and modifications.
- Assisted engineers by developing calculators for complex computations, improving efficiency in their work.
- Learned and contributed to the company's software development life cycle, implementing solutions that addressed real business needs.
- Seamlessly transitioned from an intern to a full-time developer, proving adaptability and technical growth.
